

Delegated

Boeing Commercial Airplane Group
Northwest Provisioner Tooling Quality Assurance

CONGRATULATES

Steel Fab

Your Quality System has successfully met the requirements of D6-56202 (Supplier Operating Requirements) and D6-56202-2 (Supplier Delegated Inspection). Based on your Quality System and your ability to consistently provide quality tooling, you are recognized as a Delegated Boeing Tooling Supplier. This 'Delegation' is expressed through the use of Boeing Quality Assurance Acceptance Stamps issued exclusively to John Palmer.
